APPLICATION OF BALLARD RURAL TELEPHONE )  
COOPERATIVE CORPORATION, INC. ) CASE NO. 2016-00042  
FOR A GENERAL ADJUSTMENT IN RATES )

APPLICATION

Applicant Ballard Rural Telephone Cooperative Corporation, Inc. (“Ballard”), by counsel, pursuant to KRS 278.180, 807 KAR 5:001, Sections 14 and 16, and 807 KAR 5:011, Section 6 and consistent with the Public Service Commission of the Commonwealth of Kentucky's (the “Commission”) May 29, 2013 order in Case No. 2013-00190 (the “2013 Rate Floor Order”) as well as with Ballard’s November 26, 2014 rate floor proceeding in Case No. 2014-00330, files this application (the “Application”) for authority to adjust its rates and charges for basic local exchange service and gives notice of its intention to increase the same rates and charges effective June 1, 2016.

INTRODUCTION

This Application for a rate increase is necessitated by an order from the Federal Communications Commission (“FCC”) that fundamentally alters the cost structure of providing telecommunications services in high-cost rural areas, like those Ballard serves. *See In the Matter of Connect America Fund et al.*, Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161 (Nov 18, 2011) (“ICC/USF Order”). For decades prior to the ICC/USF Order, high-cost carriers had received subsidies from the federal government’s “Universal Service Fund” (“USF”). Those USF subsidies were intended to fulfill the Federal Communications Act’s requirement that “[c]onsumers in all regions of the Nation, including . . . those in rural, insular,

and high cost areas, should have access to telecommunications and information services . . . that are available at rates that are reasonably comparable to rates charged for similar services in urban areas.” 47 U.S.C. § 254(b)(3). The FCC found, however, that many rural consumers were paying rates that were less than those paid by consumers in urban areas. ICC/USF Order at ¶ 235. As a consequence, the FCC's ICC/USF Order sets a rate floor equal to the national average of local rates, plus state regulated fees. *Id.* at ¶ 238. The ICC/USF Order also “limit[s] high-cost support where local end-user rates plus state regulated fees” do not meet that national rate floor; those carriers’ federal subsidies will be reduced “on a dollar-for-dollar basis . . . to the extent that [the] carrier’s local rates (plus state regulated fees) do not meet the urban rate floor.” *Id.* at ¶ 239.

On June 10, 2014, the FCC altered the schedule for the imposition of rate floor penalties, effectively requiring carriers to ensure that their 2016 rate floor obligations are met no later than June 1, 2016 (the “2014 Rate Floor Order”). *See In the Matter of Connect America Fund et al.*, Report and Order, Declaratory Ruling, Order, Memorandum Opinion and Order, Seventh Order on Reconsideration, and Further Notice of Proposed Rulemaking, FCC 14-54, ¶¶ 79-80.

Ballard’s proposed rate adjustment is thus necessary to preserve its ability to receive these USF subsidies that are important to its ability to provide telephone and information services in its high-cost rural service territory. Without a minimum rate sufficient to meet the FCC’s new rate floor, high-cost carriers like Ballard will lose significant federal funding that has historically allowed these carriers to provide service to the most costly, rural customers. That loss of federal funding will threaten the financial existence of these rural carriers like Ballard, who have important obligations under federal and state law as carriers of last resort. Moreover, the loss of those subsidies would increase the pressure for Ballard to raise its rates even higher

than the federal rate floor sought here because any loss of federal funds would lead to a need for Ballard to make up that revenue directly from its customer-members.

In support of its Application, Ballard states as follows:

1. Pursuant to 807 KAR 5:001, Section 14(1): (i) the full name of the applicant is Ballard Rural Telephone Cooperative Corporation, Inc.; (ii) the mailing address of the applicant is 159 West Second Street, P.O. Box 209, La Center, KY 42056; and (iii) the electronic mailing address of the applicant is [sjones@brtc.net](mailto:sjones@brtc.net).

2. Pursuant to 807 KAR 5:001, Section 14(2), Ballard states that it is currently in good standing in the Commonwealth of Kentucky, where it is incorporated. A certified copy of Ballard's Articles of Incorporation and all amendments thereto is on file with the Commission in Case No. 2013-00190 (Exhibit 2 to Application).

3. Pursuant to 807 KAR 5:001, Section 16(1)(b)(1), Ballard provides the following statement of the reason the adjustment is requested. Further details are provided in Exhibit 1 of this Application.

a. Ballard is a rural incumbent local exchange carrier serving all of Ballard County and parts of western McCracken County. Ballard was established in 1951 as a member owned cooperative to provide local telephone service to business and individual members within the exchanges of Bandana, Barlow, Gage, Heath, Kevil, La Center, and Wickliffe ("Service Territory"). Ballard provides 3,480 residential lines and 1,019 business lines to its members. Ballard is an eligible telecommunications carrier ("ETC"), and it is also the carrier of last resort ("COLR") in the Service Territory. In 2015, Ballard received \$1,518,156 from the High Cost Loop Support ("HCLS") Fund to support its COLR responsibilities in the Service Territory.

b. This proceeding was motivated by an order of the FCC that implemented “a rule to limit high-cost support where end-user rates do not meet a specified local rate floor.” See ICC/USF Order at ¶ 235.

c. Under the rule, local exchange carriers such as Ballard must meet a specified rate floor in each year in order to be eligible to receive the maximum possible amount of HCLS funding from the FCC. Failure to meet the rate floor by the deadline will result in a reduction in HCLS funding that the carrier could have otherwise received for that year. ICC/USF Order at ¶¶ 133, 238-40. Therefore, Ballard requires an adjustment of its rates to comply with the 2014 Rate Floor Order, thereby maintaining eligibility for the fiscal year 2016 maximum amount of HCLS funding.

4. The requirements of 807 KAR 5:001, Section 16(1)(b)(2), are inapplicable because Ballard does not operate under an assumed name pursuant to KRS 365.015.

5. Pursuant to 807 KAR 5:001, Section 16(1)(b)(3), Ballard has attached its proposed tariff, in such form as is required by 807 KAR 5:011, as part of Exhibit 2. The proposed effective date of the proposed tariff is June 1, 2016, at least 30 days from the date the Application is filed.

6. Pursuant to 807 KAR 5:001, Section 16(1)(b)(4), Ballard has attached as part of Exhibit 2 its present tariff using italicizing, underscoring, and strikethroughs to show proposed revisions.

7. Pursuant to 807 KAR 5:001, Section 16(1)(b)(5), Ballard states that notice has been given in compliance with 807 KAR 5:001, Section 17, as described below:

a. Pursuant 807 KAR 5:001, Section 17(1), Ballard has posted at its place of business a copy of the Public Notice and will, within five days of the filing of the Application,

post on its website a copy of the Public Notice and a hyperlink to the location on the Commission's website where the case documents are available. A copy of the Public Notice is attached hereto as part of Exhibit 3.

b. Pursuant to 807 KAR 5:001, Section 17(2), Ballard, which has more than twenty (20) customers and is not a sewage utility, has provided notice to its customers by including the notice with customer bills mailed no later than the date the Application is submitted to the Commission. A copy of the notice sent to customers is attached hereto as part of Exhibit 3.

c. Pursuant to 807 KAR 5:001, Section 17(3), an affidavit verifying Ballard's provision of the required notice to its customers is attached hereto as part of Exhibit 3.

d. Pursuant to 807 KAR 5:001, Section 17(4), Ballard states that the Public Notice attached to this Application as Exhibit 3 complies with all "Notice Content" requirements prescribed by regulation because it contains all of the following elements:

- i. The proposed effective date and the date the proposed rates are expected to be filed with the Commission;
- ii. The present rates and proposed rates for each customer classification to which the proposed rates will apply;
- iii. The amount of the change requested in both dollar amounts and percentage change for each customer classification to which the proposed rates will apply;
- iv. The effect upon the average bill for each customer classification for the proposed rate change in basic local service;

- v. A statement that a person may examine this Application at Ballard's offices;
- vi. A statement that a person may examine this Application at the Commission's offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Commission's Web site at <http://psc.ky.gov>;
- vii. A statement that comments regarding the Application may be submitted to the Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602;
- viii. A statement that the rates contained in this notice are the rates proposed by Ballard but that the Commission may order rates to be charged that differ from the proposed rates contained in the notice;
- ix. A statement that a person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party; and
- x. A statement that if the Commission does not receive a written request for intervention within thirty (30) days of initial publication or mailing of the notice, the Commission may take final action on the Application.

8. The requirements of 807 KAR 5:001, Section 16(1)(b)(6), are inapplicable because Ballard is not a water district.

9. Pursuant to 807 KAR 5:001, Section 16(2), Ballard states that it notified the Commission in writing of its intent to file the Application on January 14, 2016, at least thirty (30) days but not more than sixty (60) days prior to filing the Application. A copy of the notice of intent is included in Exhibit 4 of this Application. Pursuant to 807 KAR 5:001, Section 16(2)(a), the notice of intent stated that the Application will be supported by a historical test period. Pursuant to 807 KAR 5:001, Section 16(2)(c), Ballard sent by electronic mail a .pdf copy of the notice of intent to the Attorney General's Office of Rate Intervention ([rateintervention@ag.ky.gov](mailto:rateintervention@ag.ky.gov)) upon filing it with the Commission. A copy of that email, including the attached notice of intent, is included as part of Exhibit 4 of this Application.

10. The provisions of 807 KAR 5:001, Section 16(3), are inapplicable because Ballard is not an electric utility.

11. Pursuant to 807 KAR 5:001, Section 16(4)(a), a narrative summary of the particular circumstances that justify and support Ballard's Application, including a statement of the reason the adjustment is required, is attached hereto as Exhibit 1 and is incorporated herein by reference. Exhibit 1 is filed subject to a Petition for Confidential Treatment pursuant to 807 KAR 5:001, Section 13, filed contemporaneously with this Application.

12. As more fully explained in Ballard's Motion for Waiver of Certain Rate Application Requirements ("Motion for Waiver") filed contemporaneously with this Application, Ballard seeks waiver of 807 KAR 5:001, Section 16(4)(b), requiring the applicant's witnesses' prepared testimony.

13. The requirements of 807 KAR 5:001, Section 16(4)(c) are inapplicable because Ballard has gross annual revenues in excess of \$5,000,000.00.

14. Pursuant to 807 KAR 5:001, Section 16(4)(d), Ballard estimates that the total amount of revenue increase resulting from the proposed rate adjustment will be approximately \$100,728.00.

15. The requirements of 807 KAR 5:001, Section 16(4)(e), are inapplicable because Ballard is not an electric, gas, sewage, or water utility.

16. Pursuant to 807 KAR 5:001, Section 16(4)(f), Ballard states that the proposed rate adjustment will increase the average affected customer bill by \$2.00. Additional details regarding the anticipated impact on affected customers are set forth in Exhibit 1.

17. Pursuant to 807 KAR 5:001, Section 16(4)(g), Ballard states that its proposed rate increase will affect both its Residential and Business customer classes. Ballard's analysis of customers' bills and the corresponding revenue impact are provided in Ballard's responses to the requirements of Section 16(4)(d) and 16(4)(f) in paragraphs 14 and 16 above.

18. Pursuant to 807 KAR 5:001, Section 16(4)(h), Ballard states that parts A and B of its 2014 RUS operating report, the most recently available to Ballard, containing its TIER calculation, which assesses Ballard's actual revenue position compared to its required operating revenues, are attached as Exhibit 5. To the extent the Commission believes this section imposes additional requirements relevant to this Application, Ballard respectfully seeks waiver of those requirements for the reasons set forth in its accompanying Motion for Waiver.

19. As more fully explained in Ballard's Motion for Waiver, Ballard seeks waiver of 807 KAR 5:001, Section 16(4)(i), requiring a reconciliation of the rate base and capital used to determine revenue requirements.

20. Pursuant to 807 KAR 5:001, Section 16(4)(j), Ballard states that it follows the Uniform System of Accounts.

21. Pursuant to 807 KAR 5:001, Section 16(4)(k), Ballard has attached its independent auditor's annual opinion report hereto as Exhibit 6. The other requirements of this section are inapplicable because Ballard's independent auditor has not indicated "the existence of a material weakness in [Ballard]'s internal controls."

22. The requirements in 807 KAR 5:001, Section 16(4)(l), are inapplicable because Ballard has not been audited by the FCC.

23. Pursuant to 807 KAR 5:001, Section 16(4)(m), Ballard states that its most recent PSC Form T is on file with the Commission.

24. As more fully explained in Ballard's Motion for Waiver, Ballard seeks waiver of 807 KAR 5:001, Section 16(4)(n), requiring a summary of the latest depreciation study.

25. Pursuant to 807 KAR 5:001, Section 16(4)(o), requiring a schedule of detailed information regarding all software, programs, and models used to prepare the Application, Ballard states that it utilized no specialized software, program, or models, and relied on Microsoft Word and Microsoft Excel to prepare the Application and supporting exhibits.

26. The requirements of 807 KAR 5:001, Section 16(4)(p), are inapplicable because Ballard has never made a stock or bond offering.

27. As more fully explained in Ballard's Motion for Waiver, Ballard seeks waiver of 807 KAR 5:001, Section 16(4)(q), requiring the annual report to shareholders or members with statistical supplements. Ballard does not prepare such documents and instead presents its financial results to its members at its annual meeting.

28. As more fully explained in Ballard's Motion for Waiver, Ballard seeks waiver of 807 KAR 5:001, Section 16(4)(r), requiring monthly managerial reports.

29. The requirements of 807 KAR 5:001, Section 16(4)(s), are inapplicable because Ballard is not required to file the U.S. Securities and Exchange Commission's Form 10-K, Form 8-K, or Form 10-Q.

30. The requirements of 807 KAR 5:001, Section 16(4)(t), are inapplicable because Ballard has not had any amounts charged or allocated to it by an affiliate or general or home office, and has not paid any monies to an affiliate or a general or home office during the test period or during the previous three (3) calendar years.

31. The requirements of 807 KAR 5:001, Section 16(4)(u), are inapplicable because Ballard is not an electric, gas, sewage, or water utility.

32. The requirements of 807 KAR 5:001, Section 16(4)(v), are inapplicable because Ballard has fewer than 50,000 access lines.

33. The requirements of 807 KAR 5:001, Section 16(5), are inapplicable because Ballard's Application does not include any pro forma adjustments. To the extent the Commission believes the requirements of this section apply to this Application, Ballard respectfully seeks waiver of those requirements for the reasons set forth in its accompanying Motion for Waiver.

34. The requirements of 807 KAR 5:001, Section 16(6), are inapplicable because Ballard is not requesting a general adjustment in rates supported by a fully forecasted test period.

35. The requirements of 807 KAR 5:001, Section 16(7), are inapplicable because Ballard is not requesting a general adjustment in rates supported by a fully forecasted test period.

36. The requirements of 807 KAR 5:001, Section 16(8), are inapplicable because Ballard is not requesting a general adjustment in rates supported by a fully forecasted test period.

37. Pursuant to ¶ 3.a of the 2013 Rate Floor Order, Ballard has provided an estimate of the annual revenue to be received in 2016 from HCLS in Exhibit 1, Attachment A.

38. Pursuant to ¶ 3.b of the 2013 Rate Floor Order, Ballard has provided an estimate of the annual revenue to be lost due to adjustment of terminating access rates in the “Financial Support for Filing” section of Exhibit 1.

39. Pursuant to ¶ 3.c of the 2013 Rate Floor Order, Ballard has provided an estimate of the annual revenue to be generated by the tariff changes in Exhibit 1 and in response to the requirements of 807 KAR 5:001, Section 16(4)(d), in paragraph 14 above.

40. Pursuant to ¶ 3.d of the 2013 Rate Floor Order, Ballard has provided an estimate of historical line counts in Exhibit 1, Attachment B. As more fully explained in Ballard’s Motion for Waiver, Ballard seeks partial waiver of ¶ 3.d of the 2013 Rate Floor Order, insofar as it requests projected line losses beyond those provided in Exhibit 1.

41. Pursuant to ¶ 3.e of the 2013 Rate Floor Order, Ballard has provided historical and projected universal service support information in the narrative response of Exhibit 1 and in Attachment A thereto. As is certified annually to the Commission, these funds are used by Ballard to provide voice and advanced data services to its customers, thereby providing its communities with access to critical communications and broadband services.

42. Pursuant to ¶ 3.f of the 2013 Rate Floor Order, Ballard states that narrative support for the proposed rate adjustment is contained in this Application and in Exhibit 1.

WHEREFORE, Ballard Rural Telephone Cooperative Corporation, Inc., respectfully requests that the Public Service Commission of the Commonwealth of Kentucky enter a final order approving Ballard's proposed revisions to the applicable tariffs and grant all other relief to which it is entitled.

Respectfully submitted,

---

**Description and Reason for Filing**

With this filing, Ballard Rural Telephone Cooperative Corporation, Inc. (“Ballard”) proposes to increase its basic residential and business local service rates by \$2.00, to \$18.00 per month. This filing is made in response to the November 18, 2011 order by the Federal Communications Commission that mandates minimum local residential service rate levels as a condition of continued receipt of certain federal universal service supports. In that Order<sup>1</sup> (the so-called “Transformation Order”) the FCC required that local exchange rates be set at or above a rate floor of \$10, as of June 1, 2012; \$14 as of June 1, 2013; and at an “urban rate” – at that time undefined – on or before June 1, 2014 (“2014 rate floor”). The Transformation Order mandated that Companies with rate levels below the applicable rate floor be penalized with a dollar for dollar reduction in federal high cost loop support (“HCLS”).

On March 20, 2014 the FCC released the results of its controversial urban rate floor survey<sup>2</sup> that established the 2014 rate floor of \$20.46; if implemented, this floor would have become the basis on which HCLS recipients below the floor would be subject to the loss of funding as required by the FCC’s Transformation Order. On June 20, 2014 the FCC issued an Order on Reconsideration<sup>3</sup> that modified the proposed 2014 urban rate floor to allow for a phase-in of the residential rate floor. Under its revised implementation schedule, companies were given the option to implement the rates over a 4-year period:

Therefore, we waive the application of section 54.318(b) for lines reported July 1, 2014, with a rate of \$14 or above. Commencing January 2, 2015 (reflecting rates as of December 1, 2014), and thereafter, through June 30, 2016, we waive section 54.318(b) to the extent reported lines are greater than or equal to \$16. period between July 1, 2016, and June 30, 2017, we waive section 54.318(b) to the extent reported rates are greater than or equal to \$18, or the 2016 rate floor, whichever is lower. For the period between July 1, 2017, and June 30, 2018, we waive section 54.318(b) to the extent reported rates are greater than or equal to \$20, or the 2017 rate floor, whichever is lower.<sup>4</sup>

### Proposed Revisions and Customer Impact

With this filing, Ballard's basic residential and business rates are proposed to rise to \$18.00. When measured in regulated monthly costs, Ballard anticipates that its average increase in monthly charges will be 6.3% and 5.8% for residential and business customers, respectively. While Ballard recognizes that only its residential rates are subject to the rate floor, as noted in its filing in Case 2014-00330, absent revision to both its business and residential rates, its residential subscribers would be paying more for basic local service than its business subscribers.<sup>5</sup> Rather than introduce an inexplicable rate disparity, Ballard is proposing to increase its business rates in concert with its residential rates, allowing them to remain at parity with each other.

### Company information

The full name and address of the company is Ballard Rural Telephone Cooperative Corporation, Inc., 159 West Second Street, P.O. Box 209, La Center, KY 42056. Ballard was established in 1951 as a member-owned cooperative to provide local telephone service to business and individual members within the exchanges of Bandana, Barlow, Gage, Heath, Kevil, La Center, and Wickliffe. Ballard is a not-for-profit rural incumbent local exchange carrier serving all of Ballard County and parts of western McCracken County. Per its 2014 PSC Report, Ballard provided 3,480 residential lines and 1,019 business lines to its members.

<sup>4</sup> *Ibid.* para. 80

<sup>5</sup> See *Application of Ballard Rural Telephone Cooperative Corporation, Inc. For a General Adjustment in Rates*, KY P.S.C. Case 2014-00330, Exhibit 1.

Ballard is an eligible telecommunications carrier (“ETC”) in the communities it serves and is also the carrier of last resort (“COLR”) in its service area. In 2015, Ballard received \$1,518,156 from the High Cost Loop Support (“HCLS”) Fund to support its COLR responsibilities in its service territory, and anticipates receiving the same in calendar year 2016. As a high cost company, all HCLS revenues are crucial for Ballard to continue to meet its COLR responsibilities and to bring advanced services to the communities it serves.

A schedule of Ballard’s quarterly high cost support is provided in Attachment A of this exhibit. Historic access line counts as reported the National Exchange Carrier Association, are provided in Attachment B.

#### **Financial Support for Filing**

Ballard is in the 4<sup>th</sup> year of a five (5) year plan to deploy fiber-to-the-premises throughout its service territory. Doing so allows the company to dramatically upgrade its broadband network to increase available broadband speeds by as much as 400% and to add a standardized tier supporting 50M/5M with additional available speeds up to a Gigabyte in each direction as requested by our members to meet their specific broadband needs. In addition, Ballard improved its survivability through the construction of a fiber ring linking all seven (7) of its rate centers. As noted in its two Applications for a Certificate of Convenience and Public Necessity,<sup>6</sup> the total cost to deploy its state of the art network is expected to be \$39M. Ballard relies on both the universal service fund and access revenues to finance these improvements; both of these revenue streams have been altered by the FCC in its Transformation Order. First, the offset of HCLS support mandated by the FCC’s Order requires that Ballard raise rates to be eligible to continue to draw from this fund. Second, FCC-directed reductions in access charges have capped and

reduced access compensation available to Ballard, separately adding pressure to raise local service rates.

Companies that fail to meet the 2016 rate floor will experience a dollar for dollar reduction in HCLS beginning in July, 2016. As shown below, Ballard is seeking to increase its local exchange rates by \$2.00 but by doing so will retain approximately 5.4% of its total HCLS support, or \$81K per year.

	<b>Subscribers</b>	<b>Current Rate</b>	<b>FCC Floor</b>	<b>At Risk</b>

Support at risk absent a rate increase				5.4%

Included in the FCC's Transformation Order is a requirement that carriers cap and reduce not only their reciprocal, state and interstate inter-carrier compensation rates but also the overall revenues a carrier is allowed to collect. Under the formula specified in the Transformation Order, the FCC capped terminating access revenues from intercarrier compensation at the levels collected in the FCC's 2011 initial base period<sup>7</sup> and established a phase-down of those allowed amounts over the subsequent 5 years. With this change, Ballard cannot collect more than its current capped revenue amount, net 5%, *each year*. As shown in the step-down of Eligible Access Recovery (as depicted in the following table), the cumulative FCC-mandated reduction in Ballard's access revenue recovery is ██████████ through the fiscal period ending June, 2016.

Having not had a local service rate increase since 1976, Ballard recently implemented three rate increases in as many years to meet the applicable residential rate floors. Ballard met the first rate floor of \$10 per line per month on June 1, 2012 by eliminating its rotary line discount and raising residential rates to \$10; an average of \$1.65 per line for the basic service line. Doing so allowed Ballard to eliminate an antiquated rate disparity for a small portion of its subscribers who had the use of Touchtone service but were not paying for the service, in addition to reaching the rate floor.

To meet the second and third rate floors effective June 1, 2013 and December 1, 2014, Ballard increased residential rates to \$14 and \$16, respectively. To reach the \$18 floor, Ballard proposes to increase rates by \$2 effective with this filing. Based on its 2015 year-end access line count and optimistically assuming no losses in access lines, Ballard anticipates that this rate increase will be less than the step down of eligible access recovery for the 2016 fiscal year.

**Summary**

The FCC’s Order continues to dramatically change the revenue sources that have been historically available to rural telephone companies like Ballard and which have been used to meet their COLR obligation and to expand the availability of advanced broadband services to

their customers. Unfortunately, for many of these affected companies, doing so requires upward pressure on local service rates. As shown in this documentation, Ballard has no other realistic options available to it, and it respectfully requests that its tariff revisions be approved.

**CUSTOMER NOTICE AFFIDAVIT**

**AFFIDAVIT**

I, Stephen P. Jones II, am a representative of Ballard Rural Telephone Cooperative Corp Inc. and am authorized to make this statement on its behalf.

I attest that the customer notice accompanying this affidavit was sent to all customers as a bill insert on the following dates: February 15, 2016 and March 1, 2016, in accordance with Section 17(2) of 807 KAR 5:001. I declare under penalty of perjury that the foregoing is true and correct.

Signature: 

Subscribed and sworn to me before this 15<sup>th</sup> day of March, 2016.

  
Notary Republic

My commission expires:  
July 29, 2018

On or around March 1<sup>st</sup>, Ballard Rural Telephone Coop., Corp, Inc. will file with the KY Public Service Commission an increase in basic local service rates charged to all subscribers due to a Federal Communication Commission mandate. With this change, residential and business access line rates are proposed to increase from \$16 to \$18. If approved by the PSC, the effective date of this rate change will be June 1, 2016. We anticipate the average increase being 6.3% and 5.8% for residential and business customers, respectively.

This increase is mandated by recent changes enacted by the Federal Communications Commission which set minimal local service rate levels as a condition of continued receipt of federal high cost support that allows us to deploy fiber optic facilities and support advanced voice and broadband services. Because this support is vital to the economic health of our community, we had no choice but to request this rate increase.

You may examine this application at the offices of Ballard Rural Telephone Coop., Corp, Inc. located at 159 West Second Street, LaCenter, KY 42056 during regular business hours or at the offices of the Kentucky Public Service Commission located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the commission's Web site at <http://psc.ky.gov>.

Comments regarding the application may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602. Rates contained in this notice are the rates proposed by the Company but the Public Service Commission may order rates to be charged that differ from the proposed rates contained in this notice.

You may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Commission does not receive a written request for intervention within thirty (30) days of initial publication or mailing of this notice, the Commission may take final action on the application.

January 12, 2016

Mr. Jeff Derouen, Executive Director  
Kentucky Public Service Commission  
211 Sower Boulevard, P.O. Box 615  
Frankfort, KY 40602-0615

Dear Mr. Derouen:

Ballard Rural Telephone Cooperative Corp., Inc. ("Ballard") gives this notice pursuant to 807 KAR 5:001 Section 16(2) of its intent to file no sooner than thirty (30) days from today, but not more than sixty (60) days from today, an application for a general adjustment in its rates. The general adjustment in rates will be supported by a twelve (12) month historical test period that may include adjustments for known and measurable changes.

The anticipated rate application is intended to meet the rate floor mandated in 47 CFR § 54.318, compliance with which is required to ensure that Ballard continues to receive high cost support that is essential to its operations. (See In the matter of Connect America Fund, Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161 (Nov. 18, 2011).)

The FCC's June 10, 2014 Order (See Report and Order, Declaratory Ruling, Order, Memorandum Opinion And Order, Seventh Order On Reconsideration, and Further Notice of Proposed Rulemaking, FCC 14-54) requires Ballard to have reported line rates greater than or equal to \$18, commencing July 1, 2016 (reflecting rates in effect as of June 1, 2016)<sup>1</sup>.

A copy of this notice is being emailed to the Attorney General's Office of Rate Intervention by electronic mail at [rateintervention@ag.ky.gov](mailto:rateintervention@ag.ky.gov).

Please refer any questions to me at 270-665-5186 or via email at [randy.grogan@btc.coop](mailto:randy.grogan@btc.coop).

**Report on the Financial Statements**

We have audited the accompanying financial statements of Ballard Rural Telephone Cooperative Corporation, Inc. which comprise the balance sheets as of June 30, 2015 and 2014, and the related statements of revenues and expenses, changes in patronage capital, and cash flows for the years then ended, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ballard Rural Telephone Cooperative Corporation, Inc. as of June 30, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 6, 2016, on our consideration of Ballard Rural Telephone Cooperative Corporation, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ballard Rural Telephone Cooperative Corporation, Inc.'s internal control over financial reporting and compliance.

#### Report on the Financial Statements

We have audited the accompanying financial statements of Ballard Rural Telephone Cooperative Corporation, Inc. which comprise the balance sheets as of June 30, 2015 and 2014, and the related statements of revenues and expenses, changes in patronage capital, and cash flows for the years then ended, and the related notes to the financial statements.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ballard Rural Telephone Cooperative Corporation, Inc. as of June 30, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 6, 2016, on our consideration of Ballard Rural Telephone Cooperative Corporation, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. **BALLARD RURAL TELEPHONE COOPERATIVE CORPORATION, INC.**  
**NOTES TO FINANCIAL STATEMENTS**

**Note 1 - Nature of Operations and Summary of Significant Accounting Policies:**

Ballard Rural Telephone Cooperative Corporation, Inc. was established in 1951 as a member owned cooperative to provide local telephone service to business and individual members within the boundaries established by the Kentucky Public Service Commission. The Corporation also provides long distance telephone, internet, and video services to its members.

The Corporation maintains its records in accordance with policies prescribed or permitted by the Kentucky Public Service Commission, the United States Department of Agriculture Rural Utility Service, and the Federal Communications Commission. The more significant of these policies are as follows:

**Property and Equipment**

Property and equipment is stated at original cost, which is the cost when first dedicated to public service. Such cost includes applicable supervisory and overhead cost and interest, where applicable.

The cost of maintenance and repairs, including renewals of minor items of property, is charged to operating expense. The cost of replacement of depreciable property units, as distinguished from minor items, is charged to property and equipment. The cost of units of property replaced or retired, including cost of removal, net of any salvage value, is charged to accumulated depreciation.

**Depreciation**

Provision has been made for depreciation on the basis of estimated lives of assets, using the straight-line method (See Note 6). Depreciation expense for the years ended June 30, 2015 and 2014, totaled \$2,125,563 and \$3,180,946, respectively.

**Investments in Affiliates**

Investments in affiliates are accounted for by using the equity method, under which Ballard Rural Telephone Cooperative Corporation, Inc.'s share of earnings will be reflected in income as earned and dividends are credited against the investment in affiliates when received.

**Concentration of Credit Risk**

The Corporation's financial instruments that are exposed to concentration of credit risk consist primarily of cash, U.S. government agency repurchase agreements, and accounts receivable. The Corporation maintains its cash in bank deposit accounts which exceed federally insured and pledged security limits. The Corporation has not experienced any losses in such accounts. The Corporation's accounts receivable result primarily from members and access charges to long distance carriers. The Corporation maintains an allowance for doubtful accounts based on the balance of outstanding member's receivables that are over 120 days old. As a consequence, concentration of credit risk is limited. The financial instruments of the Corporation are carried at cost, which approximates fair value based on the nature of the instrument.

**Use of Estimates**

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

**Postretirement Benefits Other Than Pensions**

The Corporation provides postretirement benefits to active employees. These benefits are composed of medical insurance premiums, telephone service, and broadband internet services to be provided by the Corporation after retirement. The following is an analysis of changes in benefit obligation for the years ended June 30:

<b>Change in Benefit Obligation:</b>	<u>2015</u>	<u>2014</u>	<u>2013</u>

**Subsequent Events**

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through January 6, 2016, the date financial statements were available to be issued.

**Reclassifications**

Certain reclassifications have been made to the June 30, 2014 financial statements to make them conform to the June 30, 2015 presentation.

**Note 2 - Cash:**

At year end, the carrying amount of the Corporation's cash in bank and certificates of deposit was \$7,853,790, and the bank balance was \$8,271,351. As of June 30, 2015, \$1,691,207 of the Corporation's bank balance was covered by FDIC insurance, and the remaining balance of \$6,580,143 was subject to custodial credit risk. Custodial credit risk is the risk that in the event of a bank failure, the Corporation's deposits may not be returned to it. Of the remaining balance of \$6,580,143, \$110,864 reflects the excess of market value of certificates of deposit over cost, and the remaining balance of \$6,469,279 was uninsured and uncollateralized.
