NEWS FROM THE MANAGER

Wintering for BTC has meant extra effort to make sure our members can enjoy the highest quality indoor entertainment by providing you with fast and reliable internet for streaming those shows you love and making sure your cable is top notch so you can enjoy your home during the winter months. Now, BTC is anxious to see spring arrive! For us here at BTC, that means spending time visiting with our members and supporting the communities we serve. As a cooperative, BTC takes great pride in not only offering fast and reliable internet, but also in giving back to our communities. This way of thinking is truly the heart of BTC, and we know we can make a difference. Be on the look-out over the next several months as we have multiple community projects and events in the works including our first annual member appreciation day. Your patronage and loyalty to BTC is greatly appreciated, and we look forward to celebrating our members!

- Karen Hensley

**Welcome!
Sydney!**

Hi! My name is Sydney Adams. I've lived in Ballard my entire life and am happy to be working within my community. My husband, Todd, and I have two children, Maggie and Cohen. My free-time is spent with my family. You'll find us outside any time it's nice out. We attend church at La Center First Baptist. I'm excited for this new endeavor and look forward for the future with BTC.

TECHNOLOGY CLUB

EXCITING STUFF!!!

BTC is leading a 4-H Technology Club that meets on the 3rd Thursday of every month. This is a wonderful opportunity for our youth to learn about technology that we all use! Thank you Brock Kirk, BTC's Systems and Network Operations Manager, for your involvement and leadership of this new club. If there are students that are interested in the Technology Club call the Ballard County Extension office for more details.

Pictured L to R: Darrin Bishop, Brock Kirk, David Lindsey, Tara Greenwood and Cheryl Taylor. Nothing is more exceptional than being recognized by your peers. The BTC employees were challenged by BTC's CEO/Manager, Karen Hensley, to evaluate our co-workers to find the best fit for some special awards to be handed out at our company Christmas Party.

PROUDLY SUPPORTING THE **CLASS OF 2024**

\$30

Due to a lack of additional funding from Congress, the Affordable Connectivity Program's last fully funded month is April 2024.

Make sure you're checking your mail from BTC. You should have received a letter detailing the wind down of the Affordable Connectivity Program.
